Reports to	Director, Sports & Youth Affairs

ORGANISATIONAL CONTEXT

Govt. G V Raja Sports School, Thiruvananthapuram, Kerala has been selected as the Khelo India State Centre of Excellence in 2020.

ROLE IN THE ORGANISATION

Role of a Physiotherapist to provide performance enhancement support to athletes. Physiotherapist will be a integrated member of High Performance Team that adopts a collaborative approach to planning, preparation and execution of recovery and rehabilitation programmes to close 'gaps' for achieving high performance. Achieving consistent alignment with national teams, NCOE, STC's, Khelo India academies in planning and monitoring of training modules technology platforms internally with staff & coaches and externally with sport and system partners. To achieve the target

of high sports performance, the physiotherapist's roles and responsibilities / duties are summarized below-

1. To work on field and in the physiotherapy dept. as assigned by the head of physiotherapy dept. from time to time.
2. To provide primary care, first aid to injured athletes on-field or competitions.
3. To assess, physically diagnose injury and other sports related conditions and plan for its suitable physiotherapy treatment and rehabilitation programs.
4. To provide performance support through injury pre-rehabilitation, maintenance and recovery interventions on field and in the physiotherapy dept.
5. To carry out physiotherapeutic / health related fitness and functional tests, measurements as required to help reinforce in player's selection and weeding out in SAI.
6. To perform injury screening of athletes as and when required and work for the prevention / pre-rehab of injuries.
7. To upload relevant injury and health related fitness data in SAI Portal or Athlete Management System and establishing Injury surveillance program and research in SAI.
8. To work with Coaches, Strength and Conditioning Experts and other Sports Science Experts to implement exercise, conditioning and injury prevention programmes, so that sports people reach and maintain peak performance.
9. To liaise with other sports medicine and sports science experts as and when required as per the need of the athlete.
10. To carry out continuing professional development with latest techniques and technologies and implement it on athletes.
11. To teach, supervise sports physiotherapy on injury care and on prevention to players, coaches and other stake holders in the centre.
12. To liaise with other sports science/ medicine experts for better investigation and management of athletes and for enhancement of sports performance.
13. To act as member of team physiotherapy for effective implementation of new physiotherapy techniques and technologies and innovations with integration of other scientific testing and research methods

KEY ACCOUNTABILITIES

Under the guidance of the High Performance Director, the primary responsibilities are:-

1. Implement new concepts and technology in order to develop cutting edge programs in physiotherapy, resulting in an improved preparation for sporting excellence, in accordance with the aims and objectives of KISCE Programmes.
2. Monitoring and incorporating recent advancements in field of Sports Science in general & Sports Physiotherapy in particular.
3. Promotion of 'winning culture' and commitment to continuous knowledge up-gradation within the program.
4. Appraising, designing and developing specialized Treatment, Recovery & Rehabilitation programmes and Methodologies.
6. To implementation of the Sports Science service plans and additional services.
7. Providing appropriate staff training and education.
8. Establishing, designing, implementing and interpreting field and laboratory test protocols.
9. Contributing to the establishment and maintenance of a database of test results from the field

and clinic.
10. To stay updated about sports requirements by reviewing journals and sport specific web resources. To develop an integrated sports science approach to address challenges related to performance outcomes .
11. To work in collaboration with doctors, sports scientists, coaches & athletes in interpretation of the test results and analysis.
12. To help in maintenance and operation of Physiotherapy Dept, Equipment, Services & Staff to ensure the unit remains at the forefront.
13. Implement and maintain quality data capture, analysis and reporting process as the primary platform in support of sport, discipline and organizational performance outcomes, coordinate facilities/ resource, undertake administrative duties.
14. To prepare & deliver lectures for the students any other courses whenever and wherever required.
15. Conducting, commissioning and collaborating on applied research projects, which improve the effectiveness of the athlete and coach in training and competition.
16. Attend to training venues, playfield during training hours and also attend to games and competitions to provide physiotherapy services.
17. Provide service for the students appropriate to training objectives and needs, analysis of the elite athletes and coaches and work alongside teams and specialist coaches, trainers and other support staff while planning their coaching processes.
18. Participate in professional development sessions, discussions around servicing, workshops, seminars and development programs in enhancing athlete and coach knowledge.
19. Any other duties assigned by the Director, High Performance Director, Sports Science Head.
